

## **Advanced Soltech Sweden AB (publ) brings forward the report for the second quarter from 15 September to 21 August 2020**

**Advanced Soltech has previously announced that the report for Q2 2020 will be published on 15 September. The Board has now decided to bring forward the report date to 21 August at 13:00. The reason for this decision is that the company's parent company Soltech Energy Sweden AB (publ) brings forward its report in connection with a rights issue.**
